APPLICATION AND PERMIT FOR CULVERT

_____ hereby applies to the Village of Superior for
a permit to place a culvert at: _____

The size of the culvert is:

WAIVER:

All future maintenance of driveway culverts and ditch drainage pipes will be the full responsibility of the property owner including cleaning and spring steaming/thawing of frozen pipes that prevents normal runoff of water thru the Village ditch system. In the event that these culverts and/or drainage pipes prevent the normal flow of water it will be the full financial responsibility of the property owner to have the problem corrected in a timely manner.

In the event that the water flow problem due to plugged or frozen drainage pipes is not taken care of by the landowner within 24 hours of a problem occurring the Village of Superior reserves the right to select and hire a suitable contractor and bill the property owner thru invoice for the entire cost plus 10% and if not paid in an acceptable time frame the full cost plus 20% will be added to the tax rolls.

Upon receipt of an extended culvert / drainage pipe permit the land owner agrees to full physical and financial responsibility to adjacent landowners and Village roads/streets for damage caused by installation and maintenance of said culvert / drainage pipe. That responsibility shall carry on to any and all subsequent owners of said property.

Dated this _____ day of _____, 2_____. _____ Ordinance read & understood
(initial)

Signature of Property Owner(s)

Address of Applicant

PERMIT

The Village of Superior approves the foregoing application and a permit is hereby granted for the installation of the culvert described above. Said culvert shall be installed so as to not interfere with drainage of abutting properties.
